

*[Individual letter to Councils in England and Wales on the duty to withhold council tax in trust until the criminal activities of HM Government have ended]*

Councillors,

NOTICE OF CRIMINAL LIABILITY FOR COLLECTING AND PAYING TAX

I was recently informed that it is a criminal offence to collect or pay council tax. So I am writing to ask you to establish if there are any occasions in law when taxes are excluded from the criminal offences in the Terrorism Act 2000 or the International Criminal Court Act 2001.

I discovered to my dismay that every time I pay money to the Council you pay it all into Parliament's Consolidated Fund. Then some of it is used by the Government for criminal purposes of terrorism or war in which thousands of men women and children are killed.

Apparently, because taxpayers know when we hand over our money to you that some of it will be used by Parliament and the Ministry of Defence for criminal purposes that injure or kill thousands of innocent people, we are aiding and abetting war crimes, crimes against humanity and genocide and can be arrested, prosecuted and sent to prison.

I was also told that there are no exclusions in the legislation for taxes, taxpayers or tax collectors, and if I continue to pay money to you or to any UK public authority knowing that it is a criminal offence to do so, I will commit one of the worst crimes known to law.

I wish to make it crystal clear that under no circumstances whatsoever will I willingly take even a small part in funding illegal warfare, acts of State-sponsored terrorism, armed attacks on other States, harmful medical experiments or the mass murder of innocent civilians.

So I am writing to inform you that I have placed £ \_\_\_\_ in trust for the Council. As trustee of this Trust I shall pay this money to you if I receive unequivocal proof before 5<sup>th</sup> April 2024 that the military and medical killings authorised by our Government have ended and the conditions contained in my Declaration of Sovereignty and Deed of Trust have been met.

Yours faithfully
